

## Two Popular George A. Davis Exclusives

### Davis Metal On Banding Wrench

Reversible ratchet is 5 1/2" long with 3" solid grooved extension.

No.	Price
7BT	\$39.95

### Davis Band Tensioner

This band tensioner is ideal for aluminum bands and light work. It features a large plastic handle, 5/16" universal joint with 2 1/2" grooved extension. Full length is 10".

No.	Price
6BT	\$29.95

### MIP, Inc. Pusher-Bar Tensioner (M-1800)

Easy-to-handle. Tensioner straps on quickly and tightly on flat, round or irregular packs with narrow surfaces.\*

No.	Strap Width-Gauge	Price
M-1800	3/4" x .023"	\$309.95

### MIP, Inc. Steel Bander (M-1900)

One tool ties 3/8", 1/2" or 3/4" strapping up to .025" thick without mechanical adjustment. No wedge needed under strap. Built-in cutter cuts strap in a jiffy after tensioning.\*

No.	Price
M-1900	\$309.95

### MIP, Inc. Bander (M-1920)

Has short handles for use in tight quarters. Features 36-tooth ratchet for higher tensioning power, built-in cut-off. Handy for cable banding; preferred by many for insulation work. Takes all sizes of steelbinder strapping.\*

No.	Price
M-1920	\$359.95

\* Parts for MIP banders are listed on Pages 48-50.
