M2100	\$104.95

2 in 1 Hand Riveter

LONG STROKE

Bolt in upper hole for easy pulling rivets in one pull.

SHORT "RATCHET ACTION" POWER STROKE

Bolt in lower hole for hard pulling rivets in several easy pulls.

One-hand operation with normal squeezing action provides enough pulling power to set all popular size rivets. Use long stroke for most hand riveting applications and power stroke for setting larger diameter rivets. Outside jaw-grip adjustment wheel opens and closes jaws with fingertip ease to fit any size mandrel and to obtain maximum stroke efficiency. Professional slim nose allows 2 in 1 to go where other hand riveters cannot. Ideal for reaching into corners and recessed areas. Three nosepieces (1/8", 5/32" and 3/16") are included. Nosepieces are stored in handle. Heavy-duty steel construction ensures long life and minimum wear. Polished finish, nickel-chrome plated. Red vinyl cushion grip and hand stop.
